REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the surgical staple comprised of an end effector and articulation mechanism, comprised of a gear train, utilizing a gear section arranged on the distal end of the articulation drive and a spur gear attached to the end effector and aligned perpendicular and equidistant from the pivot axis of the end effector is distinguished over the prior art of Bolanos which does not disclose the use of a spur gear which is perpendicular and equidistant from the pivot axis of the end effector, but instead is arranged at an angle to the axis of rotation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
